TUSHAR RATHORE

Full Stack Developer

📞 (+91) 8619972643 | ✉ tushar2643@gmail.com | 💼 LinkedIn | GitHub | 👤 Portfolio

SUMMARY

Full Stack Developer with 2 years of experience specializing in building scalable web applications using **React.js, Next.js, Node.js, Express.js, and SQL**. Skilled in designing robust front-end interfaces and efficient back-end APIs, integrating databases, and optimizing performance for seamless user experiences across platforms.

TECHNICAL SKILLS

Languages: TypeScript, JavaScript (ES6+), SQL, HTML5, CSS3, C++, Data Structures & Algorithms
Frameworks/Tools: React.js, Next.js, Node.js, Express.js, Tailwind CSS, Ant Design, Redux, React Query, Bootstrap
Databases: MySQL, MongoDB, RESTful APIs, Authentication & JWT
Other Skills: Agile Development, Git/GitHub, Postman, SEO Optimization, AI Proficient, cPanel Deployment
Soft Skills: Problem Solving, Collaboration, Communication, Code Review, Ownership

EXPERIENCE

Webanix Solutions   **Dec 2023 – Present**
Full Stack Developer   *Udaipur, Rajasthan*

– Developed and maintained full-stack web applications using **Next.js, Node.js, Express.js, and SQL**, enhancing scalability and maintainability.
– Delivered enterprise-grade systems including HRMS, CMS-based platforms, and management dashboards, improving data visibility and workflow efficiency by 40–60%.
– Integrated secure authentication, optimized REST APIs, implemented SEO best practices, and **deployed applications on cPanel** for production.

Webanix Solutions   **Oct 2023 – Dec 2023**
Front End Developer Intern   *Udaipur, Rajasthan*

– Collaborated in UI/UX development and API integrations using React.js and Next.js, improving code modularity and delivery timelines by 25%.

KEY PROJECTS

</> HRMS Management System | *Next.js, TypeScript, Tailwind, Ant Design, Node.js*
– Built an HRMS platform for **5k+ employees**, covering onboarding, leave management, payroll, and regularization workflows.
– Integrated APIs with SQL backend for reporting and approval automation, reducing HR operational workload by 50%.

</> FiveSplash (CMS Platform) | *Next.js, Node.js, Express.js, SQL, Tailwind, SEO*
– Developed a full-featured **Content Management System (CMS)** with an intuitive admin panel for managing dynamic website content, SEO metadata, and media assets efficiently.
– Handled both **frontend and backend development**—implemented secure authentication, dynamic routing, and optimized SEO using Next.js.

</> Bharatatma Puruskar | *Next.js, TypeScript, Tailwind, Ant Design*
– Designed a **two-stage form submission system** for large-scale award applications with fields spanning multiple categories and sections.
– Built an **admin control panel** to manage approvals, rejections, and final selections with real-time status updates.
– Enabled **PDF & Excel export** of applications, implemented search & filter features, and optimized UI for large form datasets.

</> Tempsens (Production Management System) | *React.js, Tailwind, Node.js, TypeScript*
– Developed a production tracking system integrated with **SAP** for managing job orders and multiple manufacturing stages.
– Built **interactive dashboards** with real-time production status, stage reopen requests, and overdue job alerts, improving delivery compliance by 30%.

</> Photography Salon Tracker | *Next.js, Tailwind, TypeScript, Node.js*
– Developed a platform for photographers to track **salon participation, awards, and portfolios**, with admin and user dashboards.
– Reduced manual spreadsheet tracking effort by 50%.

EDUCATION

Bikaner Technical University   **Aug 2019 – Jul 2023**
B.Tech. in Computer Science and Engineering — CGPA: 8.9   *Rajasthan*
